

Personal Details

Date of birth: 28.10.1983
Address: University of Bayreuth
Chair of Operando Analytics for Electrochemical
Energy Storage
Universitätsstraße 30
95447 Bayreuth

Bavarian Center of Battery Technology
University of Bayreuth
Weiherstraße 26
95448 Bayreuth

E-mail: thomas.lunkenbein@uni-bayreuth.de
Linkedin: Thomas Lunkenbein
Web of Science: AAO-7037-2020
Google scholar: yqF07kUAAAAJ
ORCID: 0000-0002-8957-4216

Current Position

Since 06/2025 Full Professor, Chair of Operando Analytics for Electrochemical Energy Storage, University of Bayreuth, Bayreuth/D

Scientific Career

2018 - 2025 Head of the Electron Microscopy group, Department of Inorganic Chemistry, Fritz-Haber-Institut der Max-Planck-Gesellschaft (FHI), Berlin/D
2012 - 2018 Postdoctoral Fellow with Prof. Dr Robert Schlögl at FHI, Berlin/D
2009 - 2012 Scientific coworker, Department of Inorganic Chemistry I, University of Bayreuth (Prof. Dr Josef Breu)

Education

2020 Habilitation in Inorganic Chemistry/Solid State Chemistry: Chemical and Operando Electron Microscopy, University of Bayreuth, Bayreuth/D
2012 Doctoral Degree (Dr rer. nat., summa cum laude): Mesostructuring of metal oxides and polyoxometalates templated by ionogenic diblock copolymers, University of Bayreuth, Prof. Dr Josef Breu
2009 Diploma Degree (Dipl. Chem., with distinction): Mesostructuring of polyoxometalates, University of Bayreuth, Bayreuth/D
2004 - 2009 Education in Chemistry, University of Bayreuth, Bayreuth/D

Awards

2018 Lee Hsun Young Scientist Lecture of the Chinese Academy of Science
2013 Elected to the 30 Most Promising Young Chemists Under 30 by Scientific American (<https://www.scientificamerican.com/article/2013-lindau-thomas-lunkenbein/>)
2013 Kulturpreis Bayern
2013 Otto Warburg Promotionspreis
2013 Participant of the Lindau Nobel Laureate Meetings
2008 Oskar-Karl-Forster Fellowship
